

EDUCATION & THERAPY CENTRES FOR CHILDREN & YOUNG PEOPLE WITH AUTISM

Lambs Grange: Forest Road, Cuddington, Cheshire CW8 2EH Tel: 0161 343 5692

Email: Enquiries@lambs-group.co.uk Website: www.lambs-group.co.uk

Lambs Grange offers daily, weekly, termly and 52 week placements to young people with autism aged 14 – 19 years. Our students are referred from all over the UK.

Excellent facilities, set in rural Cheshire.

Extensive grounds allowing young people access to open land and woodland without necessarily leaving the premises,

Accommodation in a range of contexts.

Strong links to local college; extensive community access.

External accreditation.

Our jointly-planned 24 hour curriculum is designed to provide the highest quality education and care for our pupils.

This, together with our supportive, warm and happy environment is designed to enable our children to, as far as possible, become fully participating members of family and community.

High level of family support - our holistic approach includes augmented communications systems such as PECS as well as various therapies, such as art and music. It is our combination of communication and augmented support systems, which makes us unique.

We recognise that our young people have unique personalities, strengths and needs and we strive to find the best way forward with these.

We therefore do not subscribe to any one teaching method, but access a range of interventions to respond to each individual based on continuous assessment.

We also have a full-time nurse on site whose knowledge and experience is an intrinsic part of our young people's wellbeing.

Please telephone or email the numbers above for more information or download our full prospectus.
